

## Instructions for Folding Tedderfield Premium Quality King/California King Mosquito Net

1. Begin with an open hoop.

2. Fold one third of the hoop to make 2 circles.

3. Fold the small circle into the big one.

4. Fold the bigger circle in two.

5. Fold the 3 smaller circles together.

6. Tightly roll the net.

7. Place the net in the carry bag.

Now you are ready to travel, go camping, or store your net.

Tedderfield Premium Quality Mosquito Nets are designed to be used indoors and outdoors for protection from mosquitoes and other pests.

For temporary use in hotel rooms or anywhere that you don't want to leave a mark, we recommend using an adhesive ceiling hook. The hook should be able to hold up to 2lbs (the net weighs less than 2 pounds).

For more information about our products and about mosquito borne disease, please visit our website [www.tedderfield.com](http://www.tedderfield.com).

If you have any questions or concerns, please email us at [info@tedderfield.com](mailto:info@tedderfield.com).
